When the Son of Man returns, will He find faith on earth?

Luke XVIII, 8

Ever since Vatican II and its changes, it has been obvious that the new faith has nothing whatsoever in common with the Faith of all times. The more this Council and the following disorders are studied, the more it appears that Vatican II destroyed everything and generated a new religion of a Gnostic nature. How can anyone fail to understand that La Salette's prophecy "Rome will lose the Faith and will become the seat of the Antichrist" is being realized before our eyes to the letter,?

The Enemy intends to triumph at any cost. First of all he means to destroy all the Sacraments in order to dry up the channels of Grace. By annulling the validity of the Episcopal consecrations, the new rite produces only pseudo-bishops and priests. Therefore the Masses are invalid, there are neither Consecrations nor absolutions, and the faithful who participate in this new religion are not Catholics any more. This attack is far more serious than the one launched with the Novus Ordo Missae. The evil resulting from probably the worst attack on the Church in its history is irreversible.

As soon as the new ritual of consecration was promulgated, a few theologians – unfortunately without substantial means of disseminating their works – were uneasy and raised serious doubts about it- to no avail, since their protests were suffocated under a wall of silence.

The recent papal conclave reopened this debate providing an opportunity to resume historical and theological research about the Pontificalis Romani.

The "International Committee of Scientific Research on the origins and validity of Pontificalis Romani", has just concluded its preliminary investigations. The gravity of its findings makes it imperative to publicize the gravity of its findings, both for the good of the faithful and for the honor of the Holy Church, which should not be mistaken for the church established by the same criminals who promulgated the abominations of Vatican II. It is not enough to simply despise and disdain its writings in such a crucial question as this one?

Here are the Committee's first findings. Hopefully others will follow, which we encourage all to read.

May this work be blessed by the Holy Virgin Mary, who "alone destroyed all heresies" (Mass Salve Sancta parens).
